

Putting Barnsley People First

Pharmacy *first*

Minor Ailments Service

Barnsley GPs and Pharmacies are offering a service that gives more patient choice.

If you don't normally pay NHS prescription charges, then any medicine supplied under the Pharmacy *first* scheme will be **FREE**.

If you do pay for your prescriptions, then the cost of the medicine should be much less than the current prescription charge.

Your Pharmacist is a qualified health care professional who can help with your health problems.

The Pharmacist will offer you a private space to talk to you about your symptoms.
